and production,

Tools & Software:

Adobe Photoshop & Illustrator - proficient

Blender - basic

Premiere Pro & InDesign - familiar

Workflow & Collaboration:

Agile/Scrum

YouTrack

Perforce

Unity Version Control

Git

SUMMARY

Aspiring game programmer (read nerd) with a lifelong passion for games with an interest in music and the culinary arts on the side. Experienced in multidisciplinary team development using agile workflows, with a strong foundation in working across gameplay, tools, and engine-level systems. Looking for an internship between late August 2026 - April 2027.
Open to on-site or remote positions.

EDUCATION

The Game Assembly - Malmö

Game Programmer - YH/Vocational Course | 2024-2027

Intensive 2 year hands-on education focused on emulating a professional game dev environment. Entails 7 game projects in cross-disciplinary teams using Scrum and agile workflows. Gained practical experience in large-scale collaboration, code architecture, and production pipelines. Developed strong foundations in gameplay, graphics, and systems programming, along with networking, data structures, algorithms, and design patterns.

Örebro University - Grythyttan

Culinary Chef and Meal creator - Bachelors Course | 2021-2023

Studied the culinary arts in an academic environment, working alongside chefs in conjunction with sommelier and meal ecologist students. The education was meant to provide students with a full view of the hospitality business from economics, sciences and design to practical work.

NTI Gymnasiet - Stockholm

Game Design & Animation | 2016-2020

Studied game design fundamentals and 2D/3D content creation. Gained experience in animation and graphical design. Created a custom 3D character with stylized procedural shading and emotion-based walk cycles as a final project.

PROJECT HIGHLIGHT

Pawn's Gambit - First-year mobile game group project awarded 2nd Place – Game of the Year (Mobile) and People's Choice Award at The Rookies

EXTRACURRICULAR ACTIVITIES

Malmö Winter Games 2025 - Game Panel Student Representative for The Game Assembly

TGA Party Committee - Took part in planning of events and parties and programmed a discord-bot for an easter event

Örebro University Student Union - Student mentor during my second year

Örebro University Representative - Student representative in a video-interview for the Culinary Chef Programme on ORUs website
